WHOLESALE 1956

There's nothing like a "mum" planting to add sparkle to your nursery in late summer and fall. Their gay colors will attract customers to your grounds and swell your end-of-the-season sales. Add variety by trying a few new ones each year.

And interest in Daylilies (hemerocallis) is growing by leaps and bounds. We grow more than 400 varieties of these, so if you do not see what you want listed, write for prices. Siberian iris are good for both garden effect and cutting. And echinops Taplow Blue is not only a striking garden plant, but is also excellent for cutting, usually providing two crops if cut back.

TERMS: Cash, or 50% cash, balance C.O.D. Minimum order \$3.00. No charge for packing. Plants shipped by express collect. Small orders can be shipped by parcel post if postage is included; any amount in excess will be refunded. You may order 25 of one variety at the 100 rate.

Prices are for strong, outdoor-grown rooted divisions. All stock offered subject to prior sale, and crop conditions. Shipping will start as soon as weather permits. Orders will be shipped in rotation, as near as possible to the the time wanted. Our field divisions are from plants carefully watched and rogued through the bloom season for anything not true to name or up to standard in appearance. We strive to send out healthy, true-to-name divisions, also to rectify, so far as possible, any errors.

The first letter after the name denotes the type of flower: D, double; SD, semi-double; S, single. The second letter pertains to approximate bloom season: E, before Oct. 1; M, Oct. 1 to 15; L, Oct. 15 on; VE, early September or late August.

## *Garden Chrysanthemums*

	Per 10	Per 100
ADMIRAL, D-ML. Tall, lovely deep rose-red	\$1.00	\$ 6.00

WHITE DOVE, 42". Tall, willowy stems, pure white	1.50	10.00

## Echinops, Taplow Blue

ECHINOPS TAPLOW BLUE--This is an outstanding globe thistle. Globes are larger and of a blue much deeper in color than the ordinary echinops ritro. It blooms on stalks about 3½ feet tall in July, and if cut back when through blooming, it will bloom again in September on shorter stems. Very effective in the garden, and a long-lasting cut flower. Strong divisions from the field, 10 for \$2.00; 100 for \$15.00; 1,000 for \$125.00.

---

Small orders can be shipped by parcel post if postage is included; any amount in excess will be refunded.

Siberian Iris  
CAESAR'S BROTHER

If interested in a large quantity of this fine iris,  
write us for a special price, as we have 10,000 that  
must be moved this spring.
